VISITS TO BAU & BAUMA

We made productive visits to Munich for Bau and Bauma 2025, some of Europe's largest construction trade shows. With so many people to see and such a limited time, it was a whirlwind few days – but well worth it! It was great to catch up with industry partners, explore new innovations, and connect with familiar faces. Thanks to everyone who took the time to meet with us – we had a fantastic time!

WELCOME TO OUR NEW TEAM MEMBERS

We're delighted to welcome Robbie Wallace and Adam Craik to our UK team and Tina Keane and Sean Keys to our Ireland team. Their expertise and dedication will help us continue delivering the best service in the industry.

COMMITTED TO SUSTAINABILITY

Sustainability is at the core of our future, and we're actively working toward achieving ISO 14001 certification for environmental management.

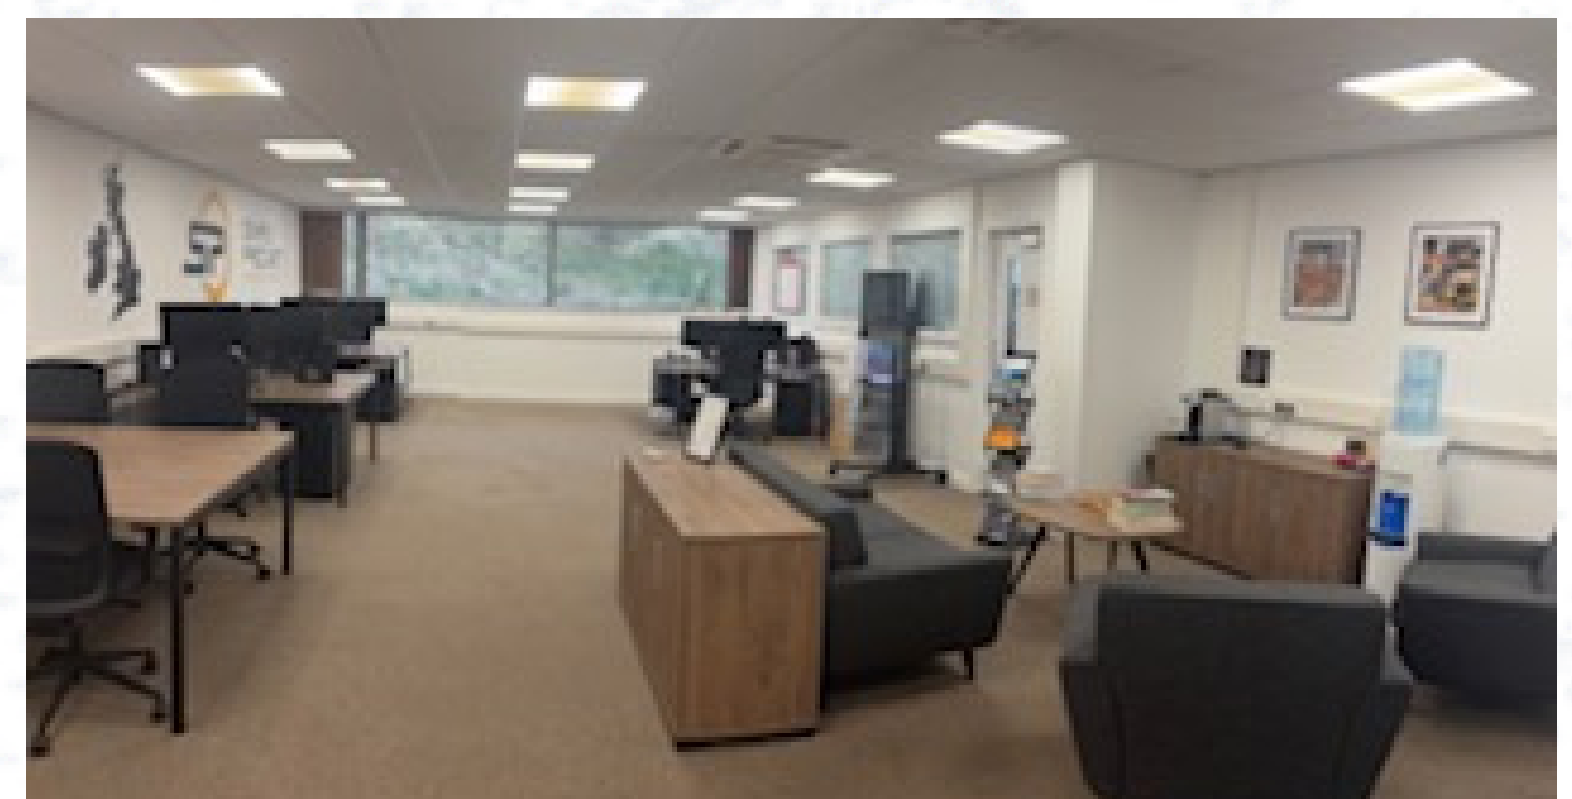

This is in addition to our ISO 9001 Quality Management certification.

These systems ensure that we continue to deliver high-quality products while reducing our environmental impact.

A FRESH NEW LOOK FOR OUR OFFICE

We've been busy upgrading our office space to better serve our growing team and improve customer support.

The refurbishment is complete, we just need a few office plants to finish to look!
